

INSURANCE POLICY

91st Psalm Christian School board **requires every student** enrolled in the school to have personal medical insurance.

If you already have personal medical insurance, you will need to provide proof that you are covered, by submitting a copy of your medical insurance card.

If you do not have personal medical insurance you will need to purchase accident insurance through the school. The student insurance we offer is used by public and private schools across the nation.

This student insurance plan can benefit you whether or not you have your own policy. If you have medical insurance, your insurance serves as the primary carrier, and this student accident policy is the secondary provider.

If you do not have primary insurance coverage, it is a requirement to purchase “round the clock” coverage (12 months, 24 hours a day).

Remember: This insurance is only for accidents, unless you purchase the additional health insurance. You will need to read the brochure carefully for all the details of the coverage.

Our main concern is that your student has medical coverage. Please read the brochure carefully.

Complete an insurance envelope for each student (one per student). Make checks payable to: Myers-Stevens. Do not send cash. You will need to make individual checks if you are covering more than one student.

If you have personal insurance and do not want the school coverage, make sure the school has a copy of your child’s medical insurance card.
